Friends of Claretian Word Ministry...

The Claretian Publications strives to provide an empowering vision of what it means to live our Catholic faith in India today.

Following in the footsteps of Saint Anthony Claret - the founder of the Claretian Congregation, and prolific writer and publisher of religious books and pamphlets in the 1800s, and the patron of Cancer Patients - the Claretians have been striving to be authentic Servants of the Word. The Claretian Publications is the proud publisher of the 'Best to the Rest' titles since its inception.
